

Temporary Passenger Request

Students may ride a bus route as a temporary passenger if there is room to do so. The bus may not deviate from the regular route. A student may ride as a temporary passenger three times during a school year at no charge. Each ride after that will be charged at 50 000 LAK.

To request permission to ride as a temporary passenger the form below must be completed by the parent of the temporary passenger and submitted to the school office 24 hours prior to the requested travel time.

Bus services are made available where road conditions and routes permit the service to be provided in a safe and economical manner. The School reserves the right to cancel services should conditions be deemed unsafe. Parents must ensure that students are delivered and collected from the designated stop at the scheduled times. All care is taken in driving and the maintenance of the vehicles. The school, school employees and contractors accept no liability for loss or injury in the event of accident.
